2019 IOPC Funds' Short Course

The Director is pleased to announce that the ninth annual IOPC Funds' Short Course will take place from Monday 17 June to Friday 21 June 2019 in London.

As with the previous courses, the programme will cover all aspects of the work of the IOPC Funds and will include practical exercises involving a theoretical incident and the subsequent claims submission process. The Short Course, which is supported by the International Maritime Organization (IMO), INTERTANKO, the International Chamber of Shipping (ICS), the International Group of P&I Associations, and the International Tanker Owners Pollution Federation (ITOPF), will also offer participants the opportunity to understand the relationships and common objectives of all stakeholders which are particularly important in tanker incidents where the 1992 Civil Liability and Fund Conventions operate.

The Short Course has a maximum of 10 places. Nominations for participation should come directly from governments of 1992 Fund Member States and should be accompanied by the completed nomination form and the candidate's brief curriculum vitae. Although the Secretariat does not impose any specific background requirements, the Course will clearly be most beneficial to candidates with an in-depth involvement and interest in the practical application of the 1992 Civil Liability and Fund Conventions. It is expected that Member States nominating a candidate will ensure that this is the case. Should the number of nominations received exceed availability, the Secretariat will select candidates taking into account their profile and a reasonable balance in geographic representation.

With regard to funding arrangements, Short Course participants must be self-funded or supported by their nominating government so as to avoid any budgetary implications for the 1992 Fund.

Short Course participants will be issued with an official invitation to the Course from the IOPC Funds' Secretariat. However, the Secretariat regrets that it is unable to help participants with obtaining entry visas to the United Kingdom.

As the Short Course will be delivered exclusively in English, it is expected that participants will be fully conversant with the English language and be able to interact fluently in this language.

The selection process for the Short Course is now open. Nominations should be addressed to the Director of the IOPC Funds and sent via e-mail to conference@iopcfunds.org. Please ensure that electronic submissions are appropriately endorsed by the nominating government. Nominations will be acknowledged upon receipt

by the Secretariat. The deadline for the receipt of nominations is Monday 8 April 2019 and it is anticipated that a selection decision will be made shortly after that. The Director encourages all interested parties to submit official nominations as soon as possible to allow sufficient time for the selected candidates to make their travel and accommodation arrangements.

A copy of the course outline (which may be subject to modification) is attached hereto. The nomination form, which is also attached, can be downloaded from <http://www.iopcfunds.org/about-us/what-we-do/external-relations> and completed electronically.
