IOPC/2016/Circ.2	
4 January 2016	
1992 Fund	•
Supplementary Fund	•

Request for submission of copies of national legislation implementing the 1992 Civil Liability and Fund Conventions, and where applicable the Supplementary Fund Protocol, into the national law of Member States

Detailed country profiles are published under the Membership section of the IOPC Funds website at www.iopcfunds.org.

It is very useful to have copies available of the relevant national legislation within Member States implementing the 1992 Civil Liability and Fund Conventions, and where applicable the Supplementary Fund Protocol. As well as being of general interest to users of the website, having details of such legislation available could facilitate the communication and cooperation between Member States and the Secretariat on matters such as oil reporting, contributions or general applicability of the Conventions.

States are therefore invited to submit copies of relevant national legislation to the Secretariat at their earliest convenience for inclusion in the country profiles in the form of a link to the relevant pages of a government website or in the form of a PDF. These documents will be made available in their original language, unless the State is in a position to provide them in English, French and/or Spanish. All correspondence on this matter should be sent to externalrelations@iopcfunds.org.

As at 31 December 2015, Australia, Denmark, France, Poland and Turkey had submitted copies of their national legislation to the Secretariat, which have been made available via their country profiles. An updated list of States having provided additional information to the Secretariat will be published in April 2016.
