Postponement of April 2010 meetings of the governing bodies

Due to severe disruption to international flights as a result of volcanic ash spreading across the United Kingdom from Iceland, we regret that the meetings of the IOPC Funds' governing bodies, which were due to be held from Wednesday 21 to Friday 23 April 2010, have been postponed.

More information about alternative dates for the meetings will be circulated to Member States through the usual channels in due course.
