proceedings against the shipowner and insurer in, respectively, the United Arab Emirates and Sri Lanka to recover the amount paid in compensation.

The 1992 Fund is currently investigating the financial position of the shipowner/insurer to ascertain their solvency. So far, the investigation in Sri Lanka into the financial position of the insurer by which the *Nesa R3* was covered has not produced positive results. The investigation into the financial situation of the shipowner in the United Arab Emirates is ongoing.

## 2 Background information

- 2.1 On 19 June 2013, the 856 GT tanker *Nesa R3*, built in 1981, sank in 65 metres of water approximately 1.4 nautical miles off Port Sultan Qaboos, Muscat, the Sultanate of Oman. The Saint Kitts and Nevis flagged ship had arrived in Port Sultan Qaboos on 19 June 2013 to make a routine delivery of bitumen from Bandar Abbas, Islamic Republic of Iran. The exact nature of the problems encountered and the sequence of events remain unknown. Tragically, the ship's master lost his life in the incident.
- 2.2 Background information, including an analysis of the claims submitted, is provided in more detail in the online *Nesa R3* incident report.

## 3 Applicability of the Conventions

- 3.1 Oman is Party to the 1992 Civil Liability Convention (CLC) and the 1992 Fund Convention.

- 3.2 The tonnage of the *Nesa R3* was 856 GT. Therefore, the limitation amount applicable under the 1992 CLC is SDR 4.51 million (£4.8 million).
- 3.3 The *Nesa R3* carried less than 2 000 tonnes of persistent oil as cargo and as such, was not required to maintain compulsory insurance under the 1992 CLC. The shipowner of the *Nesa R3* had, nevertheless, taken out insurance with the Indian Ocean Ship Owners Mutual P&I Club, based in Sri Lanka. The insurer of the ship, however, has refused to consider any claims and has stated the reason for the refusal was that the cargo came from the Islamic Republic of Iran. The shipowner/insurer of the *Nesa R3* did not set up a Limitation Fund in accordance with the 1992 CLC.
- 3.4 In October 2013, the 1992 Fund Executive Committee authorised the Director to make payments of compensation in respect of the admissible losses arising out of the *Nesa R3* incident and to claim reimbursement from the shipowner/insurer.

#### **4 Claims for compensation**

- 4.1 A total of 33 claims for clean-up operations, surveys of the wreck, environmental monitoring studies and economic losses, totalling OMR 5 915 218 (£11.8 million), were submitted to the 1992 Fund.
- 4.2 Of these, 28 claims were settled by the 1992 Fund for a total of OMR 3 521 364.39 (£6.7 million) plus BHD 8 419.35 (£16 000). The remaining claims were rejected.

#### **5 Legal proceedings**

- 5.1 The Omani Government's attempts to obtain a financial commitment from the shipowner were unsuccessful. Therefore, the Government commenced legal action in respect of all claims in the amount of OMR 5 932 703 (£11.8 million) at the Court of Muscat against the shipowner/insurer of the *Nesa R3* since they had refused to meet their obligations under the 1992 CLC. In February 2016, the 1992 Fund joined the legal action commenced by the Omani Government. The 1992 Fund and the Omani Government agreed to cooperate with each other in their attempts to recover compensation from the shipowner and insurer. Under Omani law, the time bar period is five years from the date the claimant is aware of the damage.
- 5.2 In December 2017, the Court of Muscat rendered a judgment which found that the shipowner and insurer of the *Nesa R3* were jointly liable to pay compensation to the 1992 Fund and the Omani Government in the amount of, respectively, OMR 1 777 113.44 (£3.5 million) plus BHD 8 419.35 (£16 000), which corresponded to the amounts paid by the 1992 Fund at that time and the difference between the amount claimed by the Omani Government in court i.e. OMR 5 932 703 (£11.8 million) and the amount received from the 1992 Fund, in other words, OMR 4 154 842.80 (£8.3 million).
- 5.3 The 1992 Fund appealed the judgment since it had awarded amounts above the value of the claims already settled by the 1992 Fund. The Omani Government also appealed the judgment, claiming that the amount it should be entitled to receive in compensation was OMR 10 million (£19.9 million). The Court of Appeal postponed its hearings several times due to the attempts to notify the insurer through diplomatic channels.
- 5.4 Following the settlement of all the claims, the Omani Government agreed to withdraw from court all claims settled with the 1992 Fund. The request to withdraw a claim can only be made during a hearing by the Court.
- 5.5 In December 2019, the company which conducted the survey on the wreck made a request to the Court of Appeal to join the action against the owner/insurer of the ship in order to recover the difference between the amount originally agreed, and thereafter claimed, by the Omani Government

and the amount at which the claim was settled, claiming a total amount of OMR 10 million (£19.9 million). This amount was not explained in the application.

- 5.6 The next hearing of the Court of Appeal is scheduled for February 2020, at which time it is expected that the government claims will be withdrawn and that a decision will be taken by the Court with regard to the contractor's application to join the legal action.

## **6 Director's considerations**

- 6.1 The Director would like to thank the Omani Government for its continued cooperation, which has permitted the 1992 Fund to make prompt payments of compensation in relation to this incident and to resolve all pending claims.
- 6.2 It is now expected that the Omani Government will withdraw the legal proceedings in Oman. The 1992 Fund is examining the possibility of recovering the amounts it has paid to the shipowner/insurer of the *Nesa R3*, once the proceedings in Oman are finalised. It is likely that this would mean bringing legal proceedings against the shipowner in the United Arab Emirates and against the insurer in Sri Lanka, where its headquarters are located, to enforce any judgment issued by the courts in Oman.
- 6.3 The investigation into the financial position of the insurer of the *Nesa R3* in Sri Lanka has not produced positive results. The investigation into the financial situation of the shipowner in the United Arab Emirates is ongoing.
- 6.4 The Secretariat will report on the progress of this recovery at future meetings of the Executive Committee.
